We are reviewing information on the 2025-2026 Free Application for Federal Student Aid (FAFSA) and we need some additional documentation before we can determine eligibility for financial aid. We need to determine the correct total net worth of business and/or farm for the contributors listed on the FAFSA, as of the date the 2025-2026 FAFSA was originally signed.

A contributor should complete and sign this form and submit it to the address below. Additional documentation may be requested after this form is reviewed. No determination of aid eligibility can be made until all requested documents are received and reviewed.

**Definitions:**

- **Net Worth:** the current value, as of today, of businesses and/or investment farms, minus debts related to those same businesses and/or investment farms. When calculating net worth, use 0 for investments or properties with a negative value.

**Include the following:**

- Businesses and investment farms include businesses that you own (including a small or family-run business) or income-producing farms that you own (including the fair market value of land, buildings, livestock, unharvested crops, and machinery actively used in investment farms, agricultural, or commercial activities).

**Do not include the following:**

- Businesses and investment farms do not include the value of crops that are grown solely for consumption by the student and their family or the home in which you live. If the home in which you live is also located on a farm that you own, do not include the net value of that principal residence in the net value of all farm assets. The principal residence may include the home, structures, and land that are adjacent to the home that are not being used, stored, or sold for farming or other commercial activities.
